

4/23/24

Job description

Ophthalmology practice is looking for an enthusiastic, professional, and knowledgeable individual to join our team of **testing technicians**.

Duties include working with a team to perform OCT, visual field, spectrometry tests and photos; clean and maintain ophthalmic equipment; enter patient demographics into EMR and print/upload test results. Other duties will be assigned during down time.

Prefer experience in optometry or ophthalmology but willing to train an individual with medical office experience. Medent experience is preferred but not required. The ability to multi-task and maintain a positive, professional demeanor during busy, stressful times is required.

Full time five days per week. In person workday 7:45 am to 4:30 pm. No night or weekend hours. No travel. ½ day Fridays throughout the summer!!

We offer competitive pay based on experience and qualifications. This is a full-time position with opportunities for career growth within our organization. If you meet the requirements and are ready to contribute to our team, please submit your application today.
